Mr. Jim Tourtelott  
P.O. Box 684871  
Austin, Texas 78757

RE: File #C459 - Friends Meeting of Austin  
3701 E. MLK Blvd., 78721

Dear Mr. Tourtelott:

This letter acknowledges receipt of your rebate application for the installation of a solar photovoltaic system on your property located at 3701 E. MLK Blvd. within the City of Austin d/b/a Austin Energy (AE) certificated electric service area. On behalf of the City of Austin, we would like to thank you for your interest in solar photovoltaic technology.

Based on the information provided on your rebate application and assuming proper installation of your system, AE is prepared to offer you an estimated \$79,218.14 for this project, not to exceed \$79,218.14 or 80% of the installed cost, whichever is less. Your rebate is based on the installation of 107 PV modules rated at 208 watts; 72 watts and 142 watts respectively, with the associated inverters rated at 94.5% and 94% efficiency.

These rebate funds have been encumbered for your project for a period of 180 days from the date of this letter, contingent upon: (1) using an AE registered contractor to perform the installation; (2) scheduling an inspection with an AE representative before expiration of this letter; (3) your signature on Renewable Energy Credits Agreements; and (4) providing invoices for all installed equipment. The actual rebate will be determined during the final inspection. Actual rebate is subject to change and will be based on array orientation and efficiency of installed equipment.

If you have any questions, please contact Leslie Libby at 482-5390 or [leslie.libby@austinenergy.com](mailto:leslie.libby@austinenergy.com). We appreciate your efforts and encourage you to continue using energy efficient technologies whenever possible. For additional information please visit our website at [www.austinenergy.com](http://www.austinenergy.com).

Sincerely,

A handwritten signature in cursive script that reads "Leslie Libby".

Leslie Libby, Program Manager  
Austin Energy Solar Rebate Program
